Option B: Colors and Finishes NOT in the Approved Palate

I understand and agree that painting will be completed following the guidelines of the Fort Drum Mountain Community Homes Interior Paint Policy. If I have chosen to use a color or finish not included in the Approved Color Palate, it is my responsibility to prime the painted walls prior to move out or pay a charge of \$.27 per square foot of painted wall space (an average cost of approximately \$33 per room), payable upon move out. This charge will cover the cost of supplies and labor to restore the walls to their original condition. If I have chosen to paint using an approved color and finish and have followed the Interior Paint Policy, I may leave the painted wall(s) as-is at move out. Any damage or paint on any fixture, such as carpet, doors, windows, tile, blinds or any other fixtures would be considered damage.
