

Normal Wear & Tear

Residents are responsible for damage to their home or to equipment and furnishings caused by the abuse or negligence of family members and guests. Normal wear and tear is the amount of deterioration which occurs in the normal use of homes, as such it is anticipated and acceptable. Homes should be used as intended, avoiding any negligence, carelessness, accident or abuse of the premises by the occupant, members of the household, their pets or guests. For example, small nail holes are expected, large holes are not.

For a list of common damage costs, including damage caused by pets, please visit the Departing Residents section of our website.

MOVE-OUT GUIDE

Expectations & Process

Move-Out Basics

We have designed a simple move-out process for our military families that eliminates the need for stressful “white-glove” inspections. When a home is cleaned regularly, it should only require a wipe down, sweep and vacuum at move-out. We expect that you leave your home clean throughout (including the kitchen, bathrooms, yard and garage). The home is cleaned by professional cleaners after you move-out during the Change of Occupancy and Maintenance turnover process.

Move-Out Process

- Provide 30 days written notice
- Attend a Move-Out information session
- Our staff will work with you to schedule a move-out date
- Final inspection

Move-Out Notice

Residents must provide at least 30 days written notice, on the form available at the community center. Residents are encouraged to provide notice as soon as they begin planning to move. As soon as you anticipate a move, even if you don't yet have your orders, we highly encourage you to provide written notice. If a service member is not able to provide the written notice to vacate, the spouse must provide a power of attorney.

Move-Out Information Sessions

When providing notice to vacate, the community center will assist in determining a move out date and final inspection appointment. A Move-Out Information Session will be scheduled with you by your community center.

Move-Out Inspection

We have taken pride in providing you the best Military Family community experience possible. Our commitment to your family began the day we walked through your residence with the previous tenants and ensured that they were passing on the keys of a well cared for home, to you. A fellow Service Member and their family will again have a home here, please share our pride in their new home with us.

Final Inspection Process

At your final inspection, we will:

- Provide a list of damage or cleaning charges and, if applicable (for excess damage an additional damage assessment and repair estimate may be necessary)
- Collect all outstanding debt including damage and cleaning charges (for Service Members separating from the military, rent for that month must be collected)
- Provide a final utility statement to be paid directly to third party vendor (if applicable)

Post Move-Out

We may receive BAH for the portion of the month you did not reside in the home after move-out, because BAH is paid in full-month allotments at the end of each month. Move out dates on or prior to the 15th of the month will have the allotment shrunk to only receive the amount owed. If the move out date is after the 15th a check with any remaining BAH from the prior month will be mailed to the forwarding address provided on or about the 5th day of the following month.

Unpaid charges or uncollected money owed is subtracted from the remaining BAH. If you do not receive please contact your community center (some site exceptions).
